GET READY TO ENJOY THE WATERWAYS

BEFORE YOU LEAVE HOME

To help you prepare for your boating holiday we'll send you a range of useful information including:

- **The map of how to get to the base**, public transport details and contact details in case you need to speak to our local team before your arrival.
- **Boat inventory**: list of equipment fitted to the boat (inside and outside).
- **The waterways guide** that you will receive by post if you have ordered it: this guide is essential for the smooth running of your boating holiday. You will find locks, water points, pontoons, tourist attractions, etc. Remember to order it before you leave!
- Instruction documents - both for the on board **facilities and equipment but also the mechanical operation** of your boat.
- **Navigation advice and safety instructions**: all presented and animated via fun and educational videos.

YOUR LUGGAGE

Holdalls are recommended - they are easy to stow away. Suitcases do take up far more space on board, so perhaps unpack them and leave in the boot of your car. Take with you comfortable non slip shoes so that you can move on the deck without danger (tennis or baskets).

Don't forget sun glasses and sun creams, hats, gloves... and your camera!

WATERWAYS GUIDES

A comprehensive guide is vital for planning your cruise. It provides detailed information of the waterways on which you will navigate highlighting **useful information** such as the location of locks, quays, water fill-up points in addition to **tourist information** such as places to visit and their opening hours, market days, good restaurants and much more. We recommend you order your waterways guide at the same time as booking so that you receive it with the other cruise documentation you will be sent. This means you will have plenty of time to plan your journey in advance.

ON ARRIVAL AT THE BASE

Free public parking is available at all of our bases. Alternatively, at a supplementary cost, you can park your vehicle in a secure area or garage. Generally these facilities are unattended. A few formalities will need to be attended to whilst other members of the group load your luggage or perhaps go off to do some basic shopping to get you through your first day. One of our technicians will come aboard with you to show you how to operate your boat. Whenever possible he will be with you when you negotiate your first lock. You'll soon see that navigation is child's play. Now it's time to cast off !

AT THE END OF YOUR CRUISE

Remember to return the boat on time!

- **4-5 PM** for a weekend cruise,
- **8-9 AM** for longer cruises.

The personnel at the base can supply you with necessary materials to give the boat a good clean.

NAVIGATION IS EASY!

Our boats are easy to operate with either just one inside steering position or a second rooftop position to navigate under the sun with a panoramic view.

You will discover **simple controls that are easy to use**: the wheel, a gear lever and a few instruments on the dashboard. Don't worry if you've never been on a boat before - we'll show you everything you need to know before you set off. You'll be taken out on the water and given a hands on demonstration of everything from how to go through locks to tying up at the water's edge.

WARNING: the minimum age to take the helm of a boat is 16 years old but they must remain under the captain's (an adult!) responsibility.

WHERE TO STOP

During your cruise **you're free to stop wherever you like...**being careful not to disrupt the countryside and wildlife (or encroach on private property!) simply moor up and step ashore.

Day-by-day you'll discover new surroundings and sights as you travel at your own pace through beautiful countryside - a wonderful way to enjoy ever-changing scenery and the great outdoors.

If on the other hand you prefer the hustle and bustle of the towns and villages you pass on route then take advantage of the purpose-built ports and mooring sites. Some are free while others are available at a small charge (this varies depending on the size of the boat and whether there are power charging points). We estimate charges to be between 10€ to 50€. These comfortable and serviced areas will provide easy access to the town.

WARNING

the information provided in this document is not contractual. Characteristics may vary depending on the boats and the areas where you'll navigate.

CANAL OR RIVER?

Most of the waterways in our brochure are generally wide and nontidal making them easy to navigate. Depending on your chosen departure base you may cruise on both canals and rivers.

Rivers, where natural, are more susceptible to the possibility of flooding compared to the manmade canals - especially in Spring and Autumn.

Some navigation restrictions may occur as a result of this flooding and for your own safety we may change your departure base or restrict cruising to the canal sections only, rather than cancelling your cruise completely. Please make enquiries about the state of the waterways before leaving on your cruise.

LOCKS

- **Will I have to pay?** Passage through locks and bridges is free.
- **Are they automatic?** Most locks are automatic and operated by a lock keeper who may ask you to help them, whilst others are manual. In the Charente and the Lot the locks are all operated by you and your crew, thus you are not restricted by timetables.
- **Are there days of closing?** Most locks are automatic and operated by a lock keeper who will be happy to help you. In general, lock keepers do not work on Bank Holidays : Example in France: **1st May and 1st November**. For a list of regions concerned please contact us.

EVEN MORE **TO ENJOY...**

Make your holiday extra special! NICOLS® offers the following extras...
To guarantee these optional extras we recommend booking them as soon as possible.

Your boat is a great vantage point for fishing from. You can fish in the canals and rivers providing you hold a fishing licence. Suitable for the Estivale, Confort and Sedan (except Fly range, N800, Primo® and R920) ranges. LET'S TAKE CARE OF THE ENVIRONMENT TOGETHER!

By hiring a canal boat you are choosing a holiday set at the heart of nature so we know that wildlife and the countryside is important to you. The quality of the environment in which you will be navigating in contributes greatly to the enjoyment of your holiday, so between us let's protect it together. Our small actions... can have big effects!

How Nicols is helping the environment:

Nicols is committed to the preservation of the Canal du Midi: as a patron, we are participating in the replanting of trees along the Canal du Midi.

In 2018, Nicols created the first fully electric powered canal boat in Europe. For 2022, Nicols is continuing to add 'green' boats to the fleet with a second electric powered boat (details on page 48).

In Portugal, the entire Nicols fleet is equipped with solar panels.

Since 2019 Nicols has been part of APER, an eco-organisation in France created by the Federation of Nautical Industries, who promote eco-responsible activity on the waterways.

How you can help us protect nature:

When mooring, be careful not to damage the plant species around you.

Leave no trace of your visit: pick up your rubbish and dispose of it at the designated waste disposal services found on route. Also, try and think about sorting your waste – what might be able to be recycled?

Navigate gently and carefully so as not to damage or erode the river banks.

When collecting your boat Nicols will offer you a welcome kit including biodegradable cleaning products. If however you bring your own cleaning and hygiene products, you too should choose biodegradable products.

Water is a precious resource, but one which is needed for many different things: drinking water, fauna and flora, agriculture, fishing, boating holidays... During your boating holiday you will pass through locks. **At lock operation a minimum of 800m³ of water is used and goes downstream of the waterway.** To help save water we must limit situations where single boats pass through alone as much as possible. **Remember to group with other boats when passing through locks.**

Together, let's act as protectors of the environment.

Maas - Merwedekanaal - Vecht - Gouwe

Famous for windmills, cheese, tulips and of course canals, the Netherlands is the perfect destination for enjoying a boating holiday! Captain a Nicols boat and discover picturesque towns and villages, art and history museums and the stunning Natura 2000 listed national park. Natural waters are great for swimming and of course bikes on board mean that you can enjoy the national pastime of cycling!

Kerkdriel is a great location to have a Nicols base as in addition to the waters being calm and ideal for beginners to boating, they are also perfect for swimming and fishing. Surrounding the waterways is beautiful flora and fauna including the "De Biesbosch" national park which is one of the largest found in the Netherlands. It is recognised as a wetland of international importance and is listed as a Natura 2000 area by the EU Habitat and Birds Directives.

The town of Gouda is famous for its tasty cheese but even if you don't like cheese we recommend a visit to explore the charming old town with the Sint-Jans church (famous for the impressive stained glass windows), markets and bustling streets.

Amsterdam is the largest city in the Netherlands and is dissected by a network of canals. Visit museums of art (including Van Gogh), history and science and take time to simply wander through the colourful streets for shopping, restaurants, cafes and of course the famous Red Light District.

One of the many cruising routes on offer from Kerkdriel will lead you and your crew to Maastricht – the city known to be the origin of the European Union. Explore the many cultural and historic buildings including the ramparts and tower before enjoying a shopping spree along the streets that are lined with trendy designer shops.

IRELAND

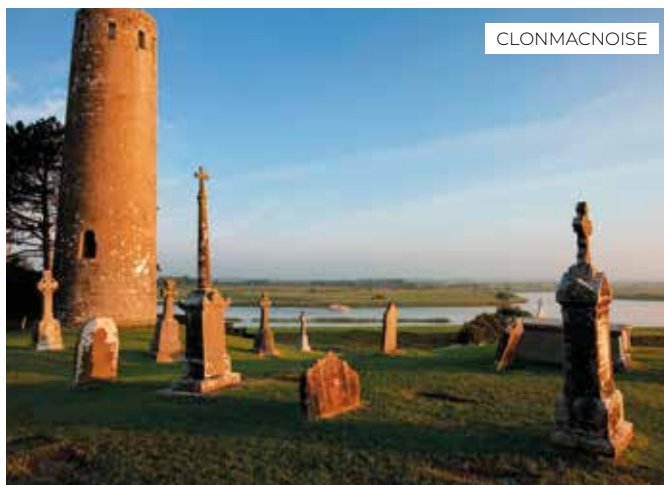

Shannon-Erne

Beautiful nature surrounds the Shannon River which at 220km is the longest river in the British Isles. It is also a paradise for fishermen and is perfect for those new to boating holidays as there is no commercial traffic on the waterways and only a few locks to negotiate. Picturesque little villages dotted along the waterways invite you to slow down and explore this wonderful region.

FROM **CARRICK-ON-SHANNON**

Heading towards Leitrim you'll join the Shannon-Erne Canal - a 63km waterway that connects the two rivers of the same name. Explore along this canal up until Ballinamore, then retrace your journey. The winding Shannon leads you to Lough Key, in the middle of which sits a small island that's home to McDermott's Castle. Elsewhere in Boyle visit the 12th century Cistercian abbey. Heading south, don't miss Athlone which is the largest town on the banks of the Shannon and you can be sure that Irish life is in full swing!

CLONMACNOISE

FROM **BANAGHER**

If you are travelling towards Athlone then you will pass Clonmacnoise - famous among other things for its monastery ruins also known as «the seven churches». Well worth a visit if you're a history buff! In the opposite direction, visit the Renaissance castle of Portumna then continue to Lough Derg, a must-see lake which has many typical Irish pubs and restaurants dotted around it.

FROM **BELLANALECK**

If you are navigating from Bellanaleck, make sure you have British Pounds Sterling currency as this port is located in Northern Ireland! Explore the vastness of Lower Lough Erne and Upper Lough Erne. You will travel in a peaceful and idyllic setting, surrounded by hills and small islands, sometimes deserted. Don't miss the town of Enniskillen and its castle museum.

Throughout your journey you'll be surrounded by mountains and vineyards.

The other available itineraries from Tokaj are a cruise on the Upper Tisza to the north towards Tiszabercel and then to Dombrád, or in the other direction south through pretty countryside and cruising until the hydroelectric power station of Tiszalök before returning to Tokaj. You can also choose a one-way cruise to end at the Kisköre base.

THE NICOLS® FLEET

The key to a successful boating holiday is in choosing the best boat from our five different ranges: Fly, Estivale, Confort, Sedan or Riviera.

The following information will help you make your selection of boat before reading full details boat by boat over the next pages (pages 44 to 58)

WHAT IT IS THAT MAKES NICOLS BOATS SO GOOD!

Home-from-home comfort

Our boats have a vast living room with a **360° panoramic view**. The kitchen includes lots of equipment and has everything you'll need: **220l fridge with a freezer compartment***, ring-hob, oven / grill depending on boat model * and wide work top areas. The kitchenware is supplied as well as the bedding (sheets, duvets, pillows). Terraces are equipped with garden furniture and either a sun awning or parasol depending on the boat model.

**Fridge 220l except on: Riviera range, N800 and Primo®. Oven: except N800.*

Your safety assured

To make moving from one end of the boat to the other safe and easy all our walkways are covered with an antislipping surface, have a hand rail and a double railing* at a height of 60 cm (safety criteria imposed by the legislation for boats made in France). The rear terrace on the Sedan and Estivale ranges are on the same level as the living room meaning there are no stairs to negotiate going either in or out of the boat. The front terrace of the Confort range can be reached via a gangway 1 metre high moulded into the hull deck for the maximum safety. All these criteria mean that **Nicols® boats are one of the safest on the market**, particularly when it comes to **accommodating crews with children and/or people with reduced mobility**.

TERMINAL**

** VNF charging terminals and their moorings are reserved exclusively for electric boats.

*100% of the electricity supplied by EDF on the charging terminals is guaranteed to be renewable (source VNF).

EXCLUSIVE TO NICOLS®

Lithium batteries on board are fast to charge with **only two hours charging time needed** to provide a cruising range of **between six to eight hours**, so enough for between a day and a day and a half of navigation. VNF's fast charging terminals are located all along the waterways at approximately **every 11km** which mean you can stop wherever you want whenever you want.

THE NICOLS® STORY

Nicols® began boat construction back in 1986 as part of a wider French industrial group that specialised in the transformation of plastic materials.

In 1990 the first Nicols® base opened in Dole in Franche-Comté. The following year a reservation centre opened to take rental bookings for holidaymakers.

Over 35 years later and Nicols® continue to manage the complete process: boat construction, boat hire and the managing of the bases. Over the years, different generations of boats have been created:

the Marinas, then Riviera, then the easily recognisable 'sea-yacht' shape and renowned terrace of the Sedans, the Confort range that is loved so much by couples and finally the newest Estivale and Fly ranges.

In total there are more than 650 boats made up of 30 different models from 6 different ranges - with every single one built in the Nicols boatyard.

BECOME AN OWNER!

Enjoy lazy days on the water all year round

A spacious living area, a fitted kitchen, cabins and bathrooms, a terrace...**your Nicols® boat is as comfortable as a floating home!** Such is the case for some of our clients who have enjoyed it so much, that they have chosen to buy a Nicols® river boat as their **second home**.

Whether new or second hand there is the possibility to have interior fittings altered or made to measure as you wish. The Nicols® boat enthusiasts are not only holidaymakers but also happy boat owners!
