More opportunities to create those special 'moments'

Whether seeking 'tried and trusted' or 'new and unexpected' the lure of the water draws back many boating 'converts' time and time again. And it's no wonder... our choice of unique destinations means each vacation can be completely different from the last. But what makes our vacations so memorable is their ability to help boaters find those truly special 'moments' that make life worth living.

We've asked our current Captains, as well as member of the Le Boat team, about a time when they've enjoyed a true 'moment' on their boating vacation—a rare but special experience that gave them goosebumps, made them utter 'wow' or felt an immense feeling of calm, awe or happiness. We hope they inspire you to go search for some 'moments' of your own.

Look out for more special 'moments' throughout our brochure.

A MOMENT of natural wonder

We moored in a particularly peaceful, countryside spot one evening under the canopies of gigantic trees and sat on the top deck taking in the glory of nature as thousands of birds flew and sang around us. We had a delicious barbecue on the top deck, before going to sleep to the gentle rhythms of water. Absolutely magnificent!

Franki - South Africa

A MOMENT of simplicity

Arriving at a beautiful village, we secured the boat and rode our bikes into town. No carting luggage into a hotel, just so easy. We enjoyed the surroundings, shopped at the local market and came back to the boat to cook a meal and drink delicious local wine on board. Totally stress and hassle-free!

John - UK

A MOMENT of achievement

Once we'd successfully negotiated our first lock we realized it was as easy everyone told me it would be. Suddenly we felt like true Captains and the waterway was ours to explore. It was a very liberating feeling.

NEW TO BOATING VACATIONS?

*No experience necessary,
no license required!*

If you've never been on a boating vacation before, the concept is simple. We provide you with a boat, which will be your home and transport for the duration of your vacation. Pick it up from one of our many bases, situated along some of the most beautiful waterways in Europe and Canada, and the rest is entirely up to you. Go where you want; do as you please. The only requirement is that you return it back to the base on time.

IT'S EASY PEASY!

Not many of our new customers have driven a boat before. However, they quickly realize how easy it is and soon become confident navigating the waterways. Our base teams will tell (and show) you everything you need to know and will accompany you for a short distance, to make sure you are completely happy with the controls. And the predeparture, arrival and on board information we provide has been thoughtfully put together to ensure you have relevant and helpful information at hand exactly when you need it. We work hard to make sure you don't have to!

GET A HEAD START

For boating 'newbies' – why not check out our helpful boat handling videos, safety advice and other online resources? Reviewing this before your vacation can aid your understanding of what you are told during the pre-departure briefing and will help you to become confident with the boat and the waterway more quickly.

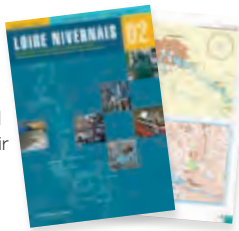

IT'S NOT JUST ABOUT THE BOAT

Boating is a lot of fun and a most relaxing way of getting about. However, you will treasure the moments you leave your boat just as much. The waterways provide you with an ever-changing playground and somewhere new to explore, every day.

PLAN YOUR TIME IN DETAIL OR TAKE EACH DAY AS IT COMES – WHATEVER SUITS!

There is a waterways map on board which makes it very clear where you can and can't go. Other on-board information tells you approximately how long it will take you to travel from point to point, where you can moor and what you can expect to find in each waterside town or village. Some people like to plan their vacation itinerary in fine detail. Others enjoy waking up each morning and chatting about what to do that day, around the breakfast table.

IT'S ALL ON BOARD

All our boats have comfortable cabins; hot water, showers and toilets; dining tables and fully-equipped kitchens – everything you'll need to be self-sufficient for the duration of your vacation. You can travel from place to place, without the need to keep unpacking and packing again! For more about our boats, see pages 40 - 55.

SEE OUR SUGGESTED ITINERARIES ONLINE

Although our vacations offer the freedom to go where you please and stop when you want, we understand that sometimes it's just easier to have a plan – and even better if that plan is already made for you. So we've put together a ranges of suggested itineraries for each of our cruising regions to help you decide which route is best for you and to show you what your vacation might look like once you're there. Remember though – they are just suggestions. Although your start and end base are fixed once booked – what you do in between can be flexed and changed as you go along.

CRUISE FOR AS LONG AND AS FAR AS YOU WANT

In many of our boating regions, we have more than one base, which means you can either return your boat to the same base you started from, or you can cruise one-way between two bases. You can book any duration from a three-night short break to a two-week vacation, or even longer. We won't allow you to book a duration that doesn't allow enough time to get to your destination base. We've provided helpful cruising suggestions on our destination pages, to show you how long it will take to cruise between bases. An average of three to four hours cruising a day is quite a nice pace.

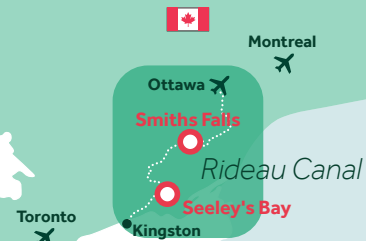

LOCKS ARE EASY... AND GOOD FUN!

Going through locks is an enjoyable part of your vacation. It gives everyone on board the chance to get involved, no matter their age or experience. You'll quickly get the hang of them and enjoy the crew camaraderie and the opportunity to chat with fellow boaters. The types of lock vary by region, whether manually-operated or electric; automatic or manned by a lock keeper.

NEED INSPIRATION?

If you need a little help picking your perfect Le Boat destination, why not take a look at some of our suggestions, ideal for the following groups of people and interests.

A ROMANTIC ESCAPE

Just the two of you? Head to Holland (p34-35) where you can cruise past tulip fields, cycle the flat countryside towpaths and immerse yourself in the culture and bright lights of Amsterdam. Or Belgium (p36) offers delightful Bruges along with picturesque canals, pretty scenery and chocolate! And not forgetting Italy (p30-31) and the most romantic city in the World – Venice!

FAMILY FUN

Head to the sunny south of France, where the Camargue (p20) offers amazing wildlife, sandy Mediterranean beaches, horse-riding, quad-biking and more.

Or the captivating River Thames (p38) is packed full of fun and thrills with wildlife and theme parks, woodland trails, activity centers and countless parkland for picnics and running wild in.

GROUP ADVENTURES

Sharing a boat with friends and discovering new places to see and new things to do each day is not only great fun, but it's affordable too! The Thames (p38) and the Canal du Midi (p18-19) are teeming with waterside attractions and sites of interest, while Amsterdam (p34-35), Berlin (p32-33) and Venice (p30-31) make a good 'city and countryside combo' to suit a mix of vacation desires! The Camargue (p20), Lot (p22), Mecklenburg (p32), Friesland (p34) and Scotland (p39) are all good if your group is particularly active and enjoy outdoor pursuits.

HISTORY AND HERITAGE

The Cathar castles of the Canal du Midi (p18-19), including the impressive walled city at Carcassonne, will enthral history buffs, while Celtic Brittany (p24) has its fair share of enchanting chateaux to visit. Or explore royal Windsor Castle and Hampton Court Palace on the historic Thames (p38).

SCENERY AND COUNTRYSIDE

The waterways meander past glorious countryside in whichever destination you choose. However, the rugged highlands of Scotland (p39) are particularly stunning; the perfect escape from it all. Alternatively, get away to the peaceful Nivernais and Loire (p26-27) with pretty cobbled French villages, vineyards, forests and countryside. Or the vast lakes and leafy forests of the Rideau Canal in Canada (p14-17) will take your breath away.

GLORIOUS GASTRONOMY

Crusty French bread, fine wine and delicious cheeses await you in all of our French regions, although a cruise through Aquitaine (p21) will also reward you with Agen prunes, foie gras, truffles and Bordeaux wine. And, with its wealth of gastro pubs, exquisite riverside eateries and Michelin-starred restaurants, the Thames (p38) is also a food-lovers paradise.

SWIMMING AND WATERSPORTS

A cruise in one of our beautiful river destinations, such as the River Lot (p22) and River Charente (p23), or the open lakes of Mecklenburg in Germany (p32-33), Friesland in the Netherlands (p34-35) and the Rideau Canal in Canada (p16) will allow you to swim straight from your boat. Kayaking, and sometimes sailing, is popular in these destinations and you can also rent stand-up paddle boards to take with you (selected destinations only). For fun in the sea, try the Mediterranean beaches of the Camargue (p20) or the Adriatic coast in Friuli, Italy (p30-31).

FISHING

Our river destinations make perfect fishing grounds. You can rent angling dinghies with your boat rental in the Lot (p22), Charente (p23), Germany (p32-33), Netherlands (p34-35) and Ireland (p37) so you can reach the most secluded spots. Scotland (p39) is also a great destination for the avid angler. Ask us about fishing licenses.

AND THERE'S MUCH MORE...

Whether you love golf, fishing, cycling, gastronomy, wine tasting, wildlife, swimming or watersports - we have a choice of perfect destinations for you. Visit our website or call our expert team for recommendations.

Lot

An active adventure through majestic scenery

The clear waters of the River Lot meander through wide valleys and steep gorges, beneath spectacular limestone cliffs and hilltop villages.

7th century stone village of Saint-Cirq Lapopie, perched high on the cliffs and home for centuries to craftsmen and artists.

The iconic arches and towers of Pont Valentré in Cahors.

Cycle along the tow path cut into the cliff face with stunning views of the river below.

Rent standup paddleboards and explore, or swim in the river.

We do not recommend this region if this is your first boating vacation, as river currents can sometimes be strong.

All locks are manual and user-operated. There are no lock-keepers on the River Lot. As such, a good level of fitness is required from at least two crew members.

Access to shore power facilities on the River Lot is severely restricted.

- The cave drawings and stalagmites of the Pech-Merle caves near Cabrerets.
- Pretty Luzech with its 13th century church.
- The 7th century castle at Mercuès.

The Charente is known as one of France's most beautiful rivers – its crystal clear waters are perfect for swimming and fishing and its pretty river banks are home to an abundance of flora and fauna.

The Roman town of Saintes with its famous Arc de Germanicus, Roman frescoes and Amphitheater ruins.

Cognac whiskey distillery guided tour and tasting session.

Excellent maritime museums and delicious seafood in the naval town of Rochefort.

There are only a few locks. They are all manually-operated with no lock keepers, but they are easy to use. Locks are open on public holidays.

From St. Savinien to Rochefort the river becomes tidal – affected by Atlantic tides, strong currents and fast changes in river levels. Therefore only those with some previous boating and/or sailing experience should set out to visit Rochefort by boat. Alternatively, you can easily moor at St. Savinien and take the train to Rochefort.

- Impressive renaissance châteaux.
- Fine Romanesque art at the church of St. Pierre in Châteauneuf-sur-Charente.

Thames

Regal cruising along the famous River Thames

Our two bases at Benson and Chertsey are ideally placed to explore what is arguably the most beautiful stretch of the River Thames. Cruising in either direction will take you to some of the oldest and prettiest towns and villages in the heart of England.

All the locks on the River Thames are electrically operated. There is no charge to use them. Open on public holidays. Cruising beyond Teddington Lock towards central London is not permitted.

Locks are manned between 09:00–17:00 (April & October), 09:00–18:00 (May, June & September), 09:00–18:30 (July & August). Lunch break 13:00– 14:00. Outside of these hours, locks can be operated yourself.

No navigation after dark.

You cannot navigate your boat into central London, but it is easily accessible by train.

Download our Thames Guide for over 70 pages of detailed information about the Thames, plus a handy illustrated map. Visit leboat.com/region-guides

Navigation is easy and full of variety on the Caledonian Canal. On the large stretches of open water (Loch Ness, Loch Oich, Loch Lochy) you are never far from sheltered moorings. On the short canal sections there are only twelve locks, all operated by keepers.

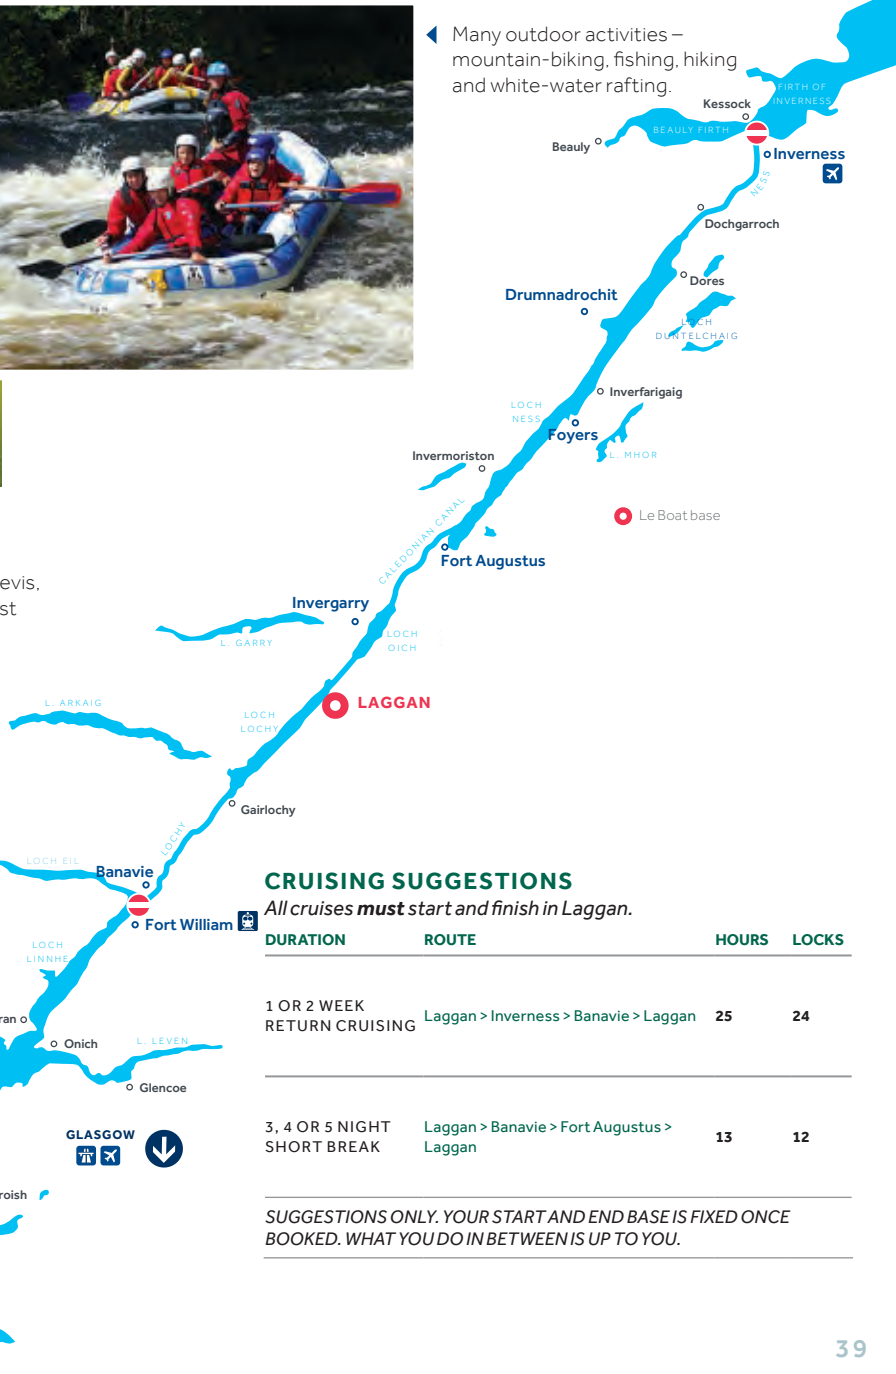

There is a charge for the use of all waterside facilities and moorings along the Caledonian Canal, which we are required to collect in advance of your cruise. This will be added, as a cost, onto your booking.

Due to the nature of the cruising area, we don't rent bikes from our base at Laggan, but there are mountain bike rental facilities in Fort William, Fort Augustus and Inverness.

Lif jackets must be worn in locks.

Many outdoor activities – mountain-biking, fishing, hiking and white-water rafting.

STEP 2: CHOOSE YOUR BOAT

With over 40 models to choose from, you are sure to find a boat to suit your party-size, budget and expectations.

PREMIER

These outstanding boats are the newest models in our fleet, and with that comes up-to-date engineering and an array of modern & carefully considered features and fittings. Our Premier boats all boast an impressively spacious top deck area, with barbecue hotplate and coolbox as standard. The saloon and kitchen areas are light and spacious with over-sized windows, the bathrooms are roomier and both front and rear thrusters make mooring and manoeuvring a breeze. You'll be the envy of the waterway on board a boat from our Premier range!

Comfort

Comfort plus

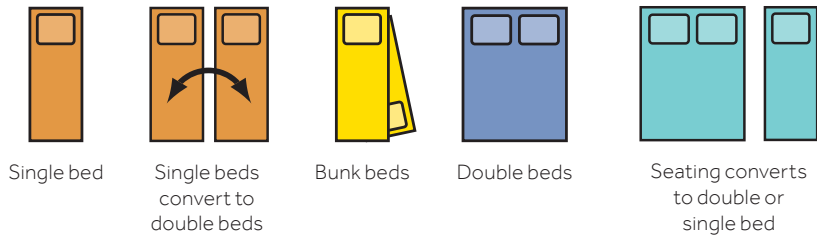

Good-quality, stylish and well-equipped boats of varying ages, designs and styles. Please check individual listings to check which features are on board each model. All Comfort and Comfort Plus boats have electric-flush toilets and the ability to hook up to a shore power supply as standard. The newer of these boats (Comfort Plus) are more spacious and have air conditioning.

Budget

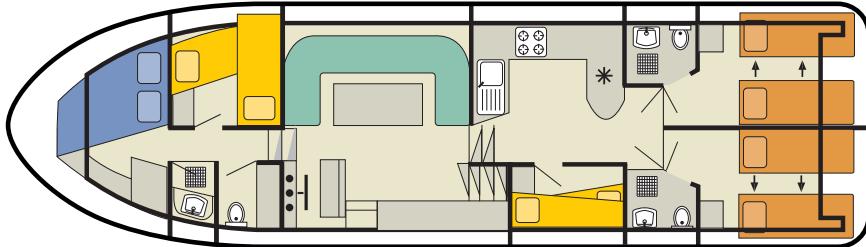

These older boats are our 'much-loved classics'. Although the décor is more traditional and the features and fittings are basic, they are clean, superbly maintained and are equipped with all the essentials for a comfortable stay – including bed linen and towels.

Comfortably sleeps
All our boats are classified according to how many people they comfortably sleep. If a boat is listed as 6+2 it means that it sleeps six people comfortably in cabins, with the option to sleep two further people on a convertible bed/settee in the saloon area or a smaller cabin.

Boat layouts
Every boat has a layout which shows the internal arrangement of the cabins, bathrooms, saloon, and kitchen galley. Use the layout to see if there will be double, single or bunk beds; whether there are internal steps and how many bathrooms are on board. Many people also like the option of having a spare cabin to store belongings.

Checking-in
You can expect a warm welcome from our friendly base teams, most of whom speak several languages, when you arrive. Our receptionist will complete any outstanding paperwork and, if you haven't already done so, help you choose which itinerary would best suit you and your party. Any pre-ordered groceries and extras will be on board ready for you (see page 57 for more information about vacation extras).

Boat handling demonstration
You'll be taken out onto the water for a hands-on cruising demonstration by one of our base team. It's a good idea to appoint one member of your party as Captain so that he or she can be shown how to drive and maneuver the boat. Don't forget, a boat needs a cruising assistant and a crew – so teamwork is very important! You will be shown how to maneuver your boat for mooring; how to drive your boat safely and responsibly and, where possible, how to go through a lock. It is important that you feel confident before setting off, so rest assured you will be given all the help and advice you need beforehand.

- WHAT'S ON BOARD?
- Stylish décor and comfortable furnishings, as well as light and airy interiors are hallmarks of our fleet. What's more, our boats are so stable on the water you don't have to worry about feeling seasick!

The Horizon fleet

PART OF OUR **OWNERSHIP Program**
See pages 62-63

Designed and built exclusively for Le Boat, we carefully listened to our customers and challenged ourselves to design a range of boats that tick all of the boxes in terms of social/communal space, ease of handling, accessibility and on-board features.

Our Horizon boats are the most recent addition to our global fleet and are the envy of the waterways. The first one was built in 2016 and the latest addition - the five-cabin Horizon 5, was recently launched in 2019.

SEE **PAGES 45 - 54** FOR DETAILS
AND DECK PLANS OF ALL OUR BOATS

Their clever design has kept them low and narrow enough to access all of the waterways on which we operate. Yet inside, the high ceilings, roomy showers, spacious saloons/kitchens and oversized windows make them light and airy, with plenty of room to comfortably enjoy your vacation.

Above deck, the outside space is equally as spacious, with built-in barbecue hotplates and ample seating to enjoy alfresco dining together with family and friends.

Separate sunbathing areas allow you to soak up the rays without getting in the way.

The Horizon range is perfect for couples (our smallest Horizon has one ensuite cabin and a second cabin for extra storage or for two additional people), for large groups of friends (our largest has 5 ensuite cabins) and everything in between. *If you're looking for modern, thoughtful and comfortable design – look no further.*

We may, at our discretion, make a deduction from any refund of the security and/or damage deposit to cover the value of any such fees or fines.

ENGINE HOURS

Onboard equipment will record how many hours you run your engine for during your cruise and you will be charged a nominal rate per hour when you return your boat – payable at your end base in local currency. This cost covers the fuel you use to power the boats engine and onboard systems (such as heating), as well as gas and general engine wear & tear. The 'hourly rate' differs by region, depends on market rates of fuel and is subject to change. Our Boating Experts will be happy to advise the current rate for each region.

ENGINE HOUR DEPOSIT

Before you depart, you must leave a deposit for the Engine Hour charge in local currency. At the end of your cruise, your engine hour charge will be calculated and you will either be refunded the difference or asked to pay any excess hours used. If you have paid for fuel as part of a pre-paid package (see page 56) then a fuel deposit will not be required.

RETURN CRUISING

On a return cruise you can visit villages and towns on both sides of the waterway and spend longer in the places you love most. As captain you decide how far you travel in a day – just plan to be back at the base to hand over your boat at the correct time.

ONE-WAY CRUISING

Our network of bases means we can offer more one-way cruises than any other operator, giving you the best opportunity to see more without retracing your steps. All you have to ensure is that you arrive at your end destination on the correct date and time. Please also note that for operational reasons, the direction of your one-way cruise may need to be changed at short notice, or switched to a return-to-base cruise. One-way supplement applies - varies depending on route.

CAR TRANSFERS

If you book a one-way cruise and are travelling to your start base by car, we can arrange for it to be transferred to your end base while you cruise. Car transfers not available in Germany. Conditions & exclusions apply. Fee applies – varies depending on distance.

SHORT BREAKS (AND LONGER BREAKS)

All our return cruises are suitable for 3, 4 or 5 night short breaks, or you can choose one of the specific itineraries outlined in the brochure. Short breaks can be booked in advance during low and mid-season. In high season (July 4 - Aug 21, 2020), short breaks can only be booked within four weeks of departure. Boats are available for short breaks from 16:00 on the day of departure (14:00 in Ireland) and must be returned by 09:00 on the last day. Longer cruises of 10 days or more can also be booked subject to availability.

CRUISING DISTANCE & TIMES

We base our cruising distance estimates on the experience of our teams, working on an average speed of 7.5km/hr for most regions. The time taken to go through a lock will vary according to the time of year and how busy the waterway is. We allow an average of 12mins, but this does not take into account waiting times which may also be necessary.

FUEL

Your boat is supplied with a full tank of diesel at the start of your cruise and you will not normally need to refuel en-route. The cost of fuel is included within an 'engine hours' charge – which, is charged for locally, in local currency, when you return your boat. (See page 59 for further details).

MOORINGS

Generally, there are plenty of places to moor along the public canals or riverways. There are some restricted and private areas, but in most cruising regions, finding moorings is not a problem – sometimes a charge will apply. You may however, prefer to moor in a public or private marina which, for a fee, offer facilities such as electric hook-ups, water refill, showers, etc.

Germany: Overnight mooring on canals is not permitted in Germany. Here, you may drop anchor in a lake or moor in a marina at your own expense.

Italy: For customers visiting Venice, the surrounding lagoon and waterways can get very busy and there are always difficulties in finding somewhere to moor. Exclusive private moorings will be available for all Le Boat customers cruising to or from Casale for which a compulsory supplement will be charged. This is payable at time of booking. Please speak to our Boating Experts for more details.

Canada: You are only allowed to moor in private marinas, town/village marinas and Parks Canada moorings (situated at lock stations) which all provide overnight moorings for a fee, with varying facilities and services. However, a mandatory fee will be charged to Le Boat customers and covers overnight moorings at all Parks Canada sites, as well as the town/village marinas of Portland, Seeley's Bay, Perth and Westport – a significantly reduced rate than the fee charged locally at each of these moorings sites. Availability at these sites is on a first-come, first served basis (and in Westport is it also limited to two boats at any one time - subsequent boats will be charged). The supplement excludes the use of services such as shore power, which is available in some locations. Other mooring options are available for a fee, which is payable locally.

Scotland: There is a charge for the use of all waterside facilities and moorings along the Caledonian Canal, which we are required to collect in advance of your cruise. This will be added, as a cost, onto your booking.

PUMPING OUT WASTE WATER

In France (except Lot), Belgium and Italy, pumping out is not required. In Canada, England, Scotland, Ireland, Holland, Germany and on the River Lot in France, all waste water is stored in onboard tanks and must be pumped out at waterside services at your own expense. Depending on usage and occupancy, pump-out is usually required every 2 -3 days. Waste water will be pumped at the end of your vacation at the Le Boat base without charge.

PLANNING YOUR CRUISING ITINERARY

The cruising suggestions and routes we show in this brochure are just an indication of what can be accomplished and we cannot guarantee they can be always be achieved as shown. Unforseeable circumstances (such as weather, local closures, technical issues, etc) may mean a particular route may become unachievable so you should be flexible with your plans and expectations. Many customers like to plan their vacation in advance, while many simply 'make it up' as they cruise. So long as your route only includes waterways listed in this brochure and that you return your boat to the booked end base by the agreed time and date. To help you plan, there are maps and guides on board, or you can download a region guide from our website. You could also buy a detailed Waterways Guide or cruising map in advance of your vacation – visit our website or speak to our Boating Experts for recommendations.

LICENSES

You don't need a special boat license to rent or drive any of our boats unless you cruise in some areas of Germany. Where licenses are required, they need to be obtained in your country before arriving on vacation and you should send a copy to our sales team when you book so that they can confirm the license you have will be accepted by the German authorities. Please speak to our boating experts for more information about which licenses are required and how to obtain one. Please note: In areas of Germany where no license is required, customers without a license are required to attend an extended 3hr briefing which begins at 1pm.

TRAVEL & PARKING

If you are driving to the base you'll find maps, GPS co-ordinates and address details on our website – or alternatively ask our Boating Experts. Parking facilities vary according to the base you are visiting. Some bases have secure parking and/or garages on site or nearby which can be used for a small charge when booked in advance. Our Boating Experts will be happy to advise you on parking options, taxi companies and costs.

WHAT TO PACK

Soft bags are much better than suitcases! Remember to bring rubber-soled shoes and leather or gardening gloves are useful when holding the ropes in the locks. Binoculars and a torch are also a good idea.

TVS, CELL PHONES & WI-FI

TV screens are provided on some boats on which to view DVDs only. Because of the high likelihood of poor reception, they are not intended to view scheduled local programming. In some cruising areas you may find it is not possible to get a good cell phone or internet signal. Coverage is usually better nearer the towns and villages, where there is also often Wi-Fi access too. Wi-Fi packs are available for rental in France.

MINIMUM AND MAXIMUM OCCUPANCY

Our boats are not insured to accommodate and transport more than the stated capacity advertised. The minimum number of people required to rent a boat is 2 adults and for our Vision boats a minimum of 3 experienced adults (or 4 less-experienced adults) are compulsory to handle the boat comfortably.

AGE LIMIT

You must be 18 years old to rent a Le Boat selfdrive cruiser; 21 years in Ireland.

LOCKS

You will find various different styles of locks on the canals and rivers in our destinations. Some are electric, some are manual. They can be either operated by a lock keeper, automatic or user operated. Opening hours will be advised by your base, as they vary from country to country, and in different cruising regions. Locks are generally open every day but some are closed on Public Holidays. If you're looking for lock-free cruising, then a return-to-base cruise from our base in St.Gilles in the Camargue is a perfect choice.

CUSTOMER GUARANTEE

We want you to enjoy a great cruising vacation and will do our very best to ensure this is the case. In the unlikely event of a breakdown or technical problem that prevents your boat's usage we will send an engineer as soon as possible. If your boat is considered unusable for more than half a day you will be offered compensation based on the daily rental rate.

VISITORS TO CANADA

When traveling to Canada you must check with your foreign office and the Canadian authorities that you have the correct passport and comply with the visa requirements. Under Canada's ETA program, citizens from countries other than the United States, who do not need a visa to enter Canada, will need to obtain an online authorization before flying to Canada, unless otherwise exempted. The earlier travelers get their ETA, the sooner they will benefit from knowing they have been pre-screened to enter Canada. A fee of around \$10 is payable for processing an application for an electronic travel authorization. An application for an electronic travel authorization must be made by means of an electronic system that is made available by the Department (Citizenship and Immigration Canada) for that purpose. An electronic travel authorization is valid for a period of five years from the day on which it is issued, unless it is cancelled, a new ETA is issued or if your passport expires before then.
